Re: Docket No. 98P-1121

Dear Mr. Sartori:

This is to acknowledge your facsimile of April 9, 2002, requesting that your temporary marketing permit of February 5, 2001, to the Food and Drug Administration (FDA) be amended to add an additional manufacturing plant. In addition to the manufacturing plants mentioned in your permit, you are requesting permission to manufacture parmesan cheese at 313 North 1st Street, Abbotsford, Wisconsin 54405.

The agency is granting an amendment to the permit of February 5, 2001, permitting the manufacture of parmesan cheese at the additional manufacturing plant cited above. All other conditions of the temporary permit remain the same.

While this permit is in effect, FDA will refrain from recommending regulatory action against shipments of "Parmesan Cheese" covered by this permit on the grounds that the food fails to comply with the standards of identity for Parmesan cheese (21 CFR 133.165) and Grated cheeses 21 CFR 133.146.

Sincerely yours,

for Christine Taylor, Ph.D.
